

Artificial Intelligence Project Report

1. Introduction

1.1 Problem Statement

1.2 proposed solution

2. Background Study

2.1 Related work 1

2.2 Related work 2

3. Methodology

3.1 Prepare Data.

3.2 Evaluate Algorithms.

3.3 Improve Results.

3.4 Present Results.

4. Evaluation

Compare your result with related work's result.

5. Conclusion

6. Reference

Use bibliography format. For example, MLA, IEEE, Harvard, APA
